

DIRECTOR'S MESSAGE

VOCATIONAL EDUCATION IS HIGHLY ESSENTIAL IN TODAY'S WORLD

India is a resource of massive manpower and for the development of our country using this resource, NCVRT leads the race by taking a proactive step to converge a wave of skill development in India by giving recognized certified training with present market relevant skills. The advantage of skill development wherein the implementation of such schemes will make a strong impact in empowering socio-economic status, mitigate poverty, reduce social challenges, and economic inclusion.

Candidate joining these vocational courses will get an idea to find and sculpt there hidden inner talent, which will make their responsible character recognized in the society and will make them stand on their own feet and altogether will increase the work force of our country by making the livelihood of the millions of Indians.

NCVRT aims to catalyze skilling initiatives that can have a good impact in the economy and skill development. The quality team at NCVRT focuses on enabling standardized structure to enhance the skill development across the country. All skill training programs adheres to the National Standards. To assure consistency and quality of skilling across the training initiatives for various jobs across the country, NCVRT coordinates and leads many VTCs. NCVRT evaluate the performance of skill development programs in different VTCs, to foster excellence and build effectiveness in training which enables the trainees to make informed choices regarding Training Centers.

I would like to congratulate the candidate who had joined NCVRT courses and who had made a positive mind to join. Along with improvising the education, we have also worked on the entire process, starting from admission till getting the certificate. I encourage the students to get enrolled in different courses, and also get participated in various events organized by NCVRT at regular interval of time. NCVRT will provide quality training and will play a vital role in professional skills development.
